

MOTAMO Junior

Ages: 5 to 10 years

Number of players: 4 or 6 players in teams of 2

Includes: 40 cards showing 4 images each.

Aim of the game: Get your team mate to guess the 4 images on the card, using just 1 word for each image.

Getting the game ready:

Shuffle the cards and pile them face down in the middle of the table.

Get into teams of 2 players: team mates must sit facing each other. One player from each team draws a card.

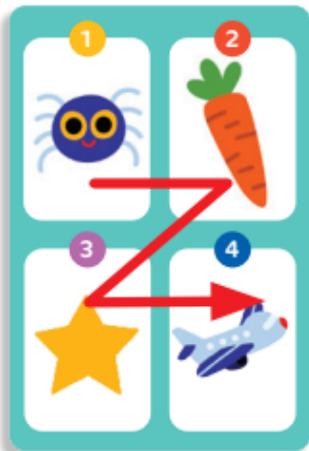

Their partner must not see the card.

Playing the game:

Add up the ages of the players on each team. The youngest team starts, then play continues in a clockwise direction.

When it is their turn, the player with the card must get their team mate to guess the 4 images it shows. They can only use **one word** to describe each image.

They start with picture n° 1 in the top left-hand corner:

- If their team mate guesses what it is, they continue with picture n° 2, and so on until they reach n° 4. If all 4 pictures are guessed correctly, the team wins the card and draws another one. They swap roles, and continue playing.

- If the player guesses wrong, it is the next team's turn to play.

Note 1: To win a card, all 4 words must be guessed correctly in a row.

Every time a team gets another go, they must start guessing words one by one from the beginning again.

Note 2: Answers must be checked by a player from another team.

End of the game: The first team to win 5 cards wins the game.
